🌐 [Portfolio](#) | [LinkedIn](#)

Summary

Product Support Specialist with 10+ years of experience supporting SaaS platforms, training internal/external users, provisioning product access, resolving technical issues, and creating detailed support documentation. Proven ability to coordinate training sessions, enhance support processes, and relay product updates clearly to clients and stakeholders. U.S. citizen with eligibility for federal security clearance and a systematic, analytical approach to service delivery.

Experience

Freelance UX, Content, and Technical Writer | Remote

Jan 2018 – Present

- Designed client-facing documentation including onboarding guides, product walkthroughs, and SOPs for SaaS tools.
- Conducted internal and external training sessions via video and screen capture tutorials, reducing onboarding time.
- Coordinated feedback loops between clients and development teams to improve training and documentation content.
- Streamlined operational support materials, helping small teams scale internal documentation for growth.

Technical User Support Analyst | Medtronic | Memphis, TN

Apr 2018 - Feb 2019

- Supported medical device sales teams by provisioning accounts, managing credentials, and resolving complex software issues.
- Authored knowledge base content and created training materials that decreased support ticket volume by 25%.
- Communicated development updates to stakeholders and maintained alignment between support and product teams.
- Delivered regular user reports and collaborated with managers to implement support tool improvements.

IT Support Specialist | City of Fort Smith Government | Fort Smith, AR

Jan 2011 - Apr 2018

- Provisioned and managed accounts for over 1,000 employees; built internal recovery and credential management docs.
- Developed SOPs and technical documentation for IT services across all departments, increasing operational efficiency.
- Conducted IT onboarding and trained junior support staff, aligning processes with government compliance standards.
- Reduced desktop recovery time from 4 hours to 30 minutes through automation and internal process enhancements.

Owner & Lead Web Designer / Technical Writer | Fancy Fox Creative | Fort Smith, AR

Sep 2010 – Dec 2017

- Delivered technical training, user documentation, and troubleshooting materials to clients across multiple sectors.
- Led web-based training and CMS walkthroughs to help clients manage content and reduce support overhead.
- Documented and standardized IT maintenance tasks, cutting client support calls by 40%.

Director of Information and Statistics / Technical Writer | Fort Smith Chamber of Commerce | Fort Smith, AR

Jul 2007 – Jan 2011

- Developed business operation SOPs, internal IT documentation, and feasibility studies to support regional development.
- Supported 10-member team with IT management, provisioning, and documentation of internal tools and applications.
