Professional Summary

Senior Technical Writer - IT Strategy & Visual Communication Specialist with 10+ years of experience transforming complex technical systems, enterprise IT initiatives, and integration architectures into compelling internal documentation and high-impact visual content.

Proven ability to collaborate with executives, engineers, and strategists to craft clear, engaging narratives for corporate technology roadmaps, AI initiatives, and internal platforms.

Expert in PowerPoint storytelling, strategic content creation, process visualization, and knowledge management.

Known for distilling abstract strategy into usable, actionable deliverables that drive internal understanding and adoption.

Professional Experience

Freelance Technical Writer & Systems Documentation Consultant

Remote | Jan 2018 - Present

- Created IT strategy decks, system architecture diagrams, and internal comms assets for enterprise SaaS clients, improving stakeholder engagement in technical decision-making processes.
- Authored internal documentation and presentations simplifying identity systems, MFA processes, and API integration protocols across hybrid infrastructure.
- Developed and maintained strategic onboarding content for internal tools, cutting support requests by over 50%.
- Translated complex implementation requirements and architecture plans into visual guides, flowcharts, and executive briefings using Visio, PowerPoint, and Lucidchart.
- Managed documentation lifecycle using Git-based workflows and Confluence, ensuring traceability and version control.

Technical User Support Analyst

Medtronic - Memphis, TN | Apr 2018 - Feb 2019

- Supported internal IT tools for 1,000+ field users; documented technical processes for remote provisioning, endpoint security, and federated authentication.
- Created automation scripts and accompanying documentation that reduced account provisioning time by 30%.
- Authored SharePoint-based onboarding portals and instructional content, increasing documentation self-service usage by 40%.
- Collaborated with security and engineering teams to align technical documentation with regulatory compliance.

IT Support Specialist

City of Fort Smith - Fort Smith, AR | Jan 2011 - Apr 2018

- Led internal communications and documentation for cross-departmental software deployments, including training and rollout strategy.
- Developed visual onboarding materials and configuration SOPs for 1,200+ endpoints; reduced new-hire IT setup time by 25%.
- Designed process documentation and architecture overviews for Active Directory, GPO management, and data access protocols.
- Acted as liaison between IT leadership and stakeholders, translating technical language into strategic executive summaries.

Owner / Web & Tech Consultant

Fancy Fox Creative - Fort Smith, AR | Sep 2010 - Dec 2017

- Created IT adoption materials and technical documentation for CRM, CMS, and secure communication platforms for SMBs.
 - Designed and documented workflows to improve tool utilization and client autonomy; reduced post-project support needs by 50%.
 - Delivered branding-aligned presentations and internal tech guides to support digital transformation for non-technical audiences.
-
