Professional Summary

Product Support Specialist and Technical Writer with over 10 years of experience supporting users and creating technical documentation.

Skilled in analyzing logs, reading Java code, and collaborating with engineering to identify bugs and improve product usability.

Proven success reducing ticket volume, developing knowledge base content from scratch, and resolving high-priority client issues. Strong communicator with a focus on clarity, responsiveness, and self-service enablement.

Professional Experience

Freelance Technical Writer & Product Support Consultant

Remote | Jan 2018 – Present

- Wrote user-facing documentation for SaaS applications, including feature releases, admin guides, and onboarding flows.
- Built knowledge base articles and internal SOPs, improving first-response time and reducing escalations.
- Collaborated async with PMs and developers to translate technical details into plain, actionable support content.

Technical User Support Analyst

Medtronic | Memphis, TN | Apr 2018 – Feb 2019

- Provided advanced support to internal teams on medical device software and credentialing platforms.
- Wrote and maintained internal documentation for troubleshooting, onboarding, and credential recovery workflows.
- Used PowerShell automation to reduce manual account provisioning time by 25%.
- Reviewed logs to identify edge-case bugs and provided reproduction steps to development.
- Partnered with engineers and stakeholders to resolve live system outages under time-sensitive conditions.

IT Support Specialist

City of Fort Smith | Fort Smith, AR | Jan 2011 – Apr 2018

- Delivered Tier 2 technical support for over 1,200 endpoints, including real-time triage of high-impact issues.
- Created internal documentation, including credential management and support playbooks.
- Worked with IT leadership to document processes aligned with government compliance.
- Improved ticket closure rate by standardizing desktop recovery and credential reset workflows.
- Helped align technical support needs with infrastructure upgrades via Agile-influenced planning cycles.

Owner & Technical Consultant

Fancy Fox Creative | Fort Smith, AR | Sep 2010 – Dec 2017

- Developed and documented client training programs for CMS and custom SaaS tools.
- Authored runbooks and handoff docs for small teams, decreasing support tickets by 40%.
- Wrote detailed site and server configuration docs, including DNS, SFTP, and cloud migrations.

Director of Information and Statistics

Fort Smith Chamber of Commerce | Fort Smith, AR | Jul 2007 – Jan 2011

- Created technical documentation and internal SOPs for reporting tools and internal software.
 - Acted as Tier 2 technical liaison for staff, resolving access issues and drafting usability guides.
-
