Professional Summary

Technical Writer – SaaS Documentation Specialist with 10+ years of experience producing end-user, developer, and knowledge base documentation across IT and SaaS platforms. Skilled in documentation and cross-functional collaboration with Product, Engineering, QA, and Support teams. Proven ability to translate complex technical concepts into clear, user-focused content. Experienced in Agile environments with familiarity in accounting workflows and platform integrations.

Experience

Freelance Technical Writer & Content Strategist

Remote | Jan 2018 – Present

- Developed and maintained user guides, onboarding documentation, FAQs, troubleshooting articles, and release notes for B2B SaaS products in Agile environments.
- Maintained structured content in Confluence, SharePoint, and markdown-based docs-as-code pipelines (Git, GitHub, AsciiDoc).
- Built user workflows and visual diagrams using Draw.io, Miro, and Mermaid.js to clarify business processes and system architecture.
- Familiar with Salesforce Knowledge through Trailhead modules and self-directed learning.
- Documented CRM workflows and integrated marketing tools (Klaviyo, Zendesk, CMS) for multi-platform ecosystems.

Technical User Support Analyst

Medtronic – Memphis, TN | Apr 2018 – Feb 2019

- Authored internal support documentation and SOPs for secure system configuration and remote provisioning tools.
- Maintained SharePoint-based knowledge bases and collaborated with vendor teams to standardize IT processes to ensure content remained searchable, up to date, and aligned with environment changes.
- Automated provisioning workflows with PowerShell, reducing setup time by 30% and improving consistency across devices.
- Provided internal support documentation for identity access management (IAM), MFA, and endpoint security solutions.

IT Support Specialist

City of Fort Smith – Fort Smith, AR | Jan 2011 – Apr 2018

- Created end-user guides, onboarding materials, and internal documentation for 1,200+ endpoint devices across departments.
- Led knowledge documentation efforts for Active Directory, GPO policies, and hardware/software lifecycle processes.
- Coordinated with vendors to document platform integrations and deployment procedures.
- Reduced onboarding time for new hires by 25% through streamlined instructional documentation and troubleshooting flows.

Owner / Web & Tech Consultant

Fancy Fox Creative – Fort Smith, AR | Sep 2010 – Dec 2017

- Delivered CRM, CMS, and SaaS tool documentation for clients across industries, emphasizing system interoperability and user self-sufficiency.
 - Created customer-facing knowledge base articles and how-to guides for multi-platform ecosystems.
 - Managed documentation repositories for small business IT systems, reducing client dependency on live support by over 50%.
 - Documented finance workflows and business processes including invoicing, reconciliation, and platform integrations for my own business.
-

Projects

TSDS ODS Documentation (In Progress)

- Reverse-engineered OpenAPI/Swagger interface for education data SDK; authored onboarding docs, API reference, and authentication flow details using Markdown and Docker Compose.

Whisper Desktop Documentation

- Authored privacy-conscious install and setup guide for a secure, offline desktop transcription tool.
