Hiring Manager

GFiber Brand Team

Dear Hiring Manager,

I'm excited to apply for the External Communications Writer position at GFiber. I have over 10 years of experience writing clear, helpful content for tech and consumer brands. I'm confident I can help your team share GFiber's story in a way that builds trust and makes technology easy to understand.

In my freelance work, I've created Help Center articles, email campaigns, blogs, and video scripts that simplify complex ideas and improve user confidence. For example, my onboarding emails for SaaS clients have boosted user engagement and helped reduce support questions. I always work closely with marketing and support teams to ensure content matches the brand voice and meets customer needs.

I recently completed the Google Technical Writing course, which strengthened my ability to write clear, concise documentation tailored for digital platforms. I also follow AP Style and use feedback and data to continuously improve content performance.

I'm excited about GFiber's promise to deliver effortless, premium internet. I want to help customers get the most from their service by creating content that's easy to find, easy to read, and reassuring. I'm comfortable with tools like Google Docs, Microsoft Word, Confluence, and Zendesk, and eager to collaborate with your team.

Thank you for your time and consideration. I look forward to the opportunity to discuss how I can contribute to GFiber's success.

Sincerely,

Austin Lee Kelly
