🌐 [My Portfolio](#) | [LinkedIn](#)

---

## Summary

Technical Writer with 10+ years of experience creating user-focused documentation for IT, cybersecurity, and SaaS platforms. Skilled in **Docs-as-Code**, version control, and markdown-based tooling.

Proven ability to translate complex technical concepts into clear, concise content for developers, DevOps teams, and admins. Background in **secure system architecture** and software support. Adept in **Agile**, cross-functional collaboration, and version-controlled publishing workflows.

---

## Experience

**Freelance Technical Writer & Content Strategist** | [AustinLeeKelly.com](http://AustinLeeKelly.com) | Remote

*Jan 2018 – Present*

- Produced documentation and content strategy for security-focused tools, APIs, and automation workflows using Markdown and Git.
- Created admin guides, end-user manuals, and developer-facing SOPs for SaaS products and open-source integrations.
- Used Confluence, GitHub, and AsciiDoc/Markdown in Docs-as-Code workflows to create and version documentation.
- Contributed to cloud and on-premise documentation projects; collaborated closely with SMEs, engineers, and Agile teams.
- Documented automation with PowerShell, Bash, and Python scripts for secure system provisioning and monitoring.

**Technical User Support Analyst** | Medtronic | Memphis, TN

*Apr 2018 – Feb 2019*

- Provided secure remote support to healthcare field reps, handling IAM, MFA issues, and encrypted device configurations.
- Created knowledge base articles and SOPs that reduced support escalations by 25%.
- Authored internal documentation in SharePoint and ServiceNow; collaborated with IT and cybersecurity teams for process updates.
- Automated user provisioning with PowerShell, reducing setup time by 30%.

**IT Support Specialist** | City of Fort Smith | Fort Smith, AR

*Jan 2011 – Apr 2018*

- Maintained IT documentation for 1,200+ endpoints, including IAM procedures, AD group policies, and secure imaging.
- Led internal training on endpoint security, phishing prevention, and backup systems; wrote SOPs for incident response.
- Managed vendor integrations and documented configurations across hybrid infrastructure.
- Collaborated across departments in Agile-like sprints to roll out security tools and update internal documentation.

**Owner / Web & Tech Consultant** | Fancy Fox Creative / Kelly Computer Services | Fort Smith, AR

*Sep 2010 – Dec 2017*

- Built and documented CMS-driven websites (WordPress, Joomla, Shopify) for small businesses and nonprofits.
  - Created admin and user guides to streamline site maintenance, plugin updates, and SEO best practices.
  - Provided technical support and wrote documentation for server setup, hosting migrations, and troubleshooting guides.
  - Assisted clients with implementation of secure email, CRM, and IAM workflows.
-
